About Us Douglas L. Hollaender Enterprises, Inc. For the past 26 years, I have worked with Federal and Power Generation markets, forming strong partnerships throughout the acquisition, installation, and use of our products in a variety of projects. Accounts have included Alstom Power, Duke-Fluor Daniel, the U.S. Army Corps of Engineers, U.S. Bureau of Reclamation, U.S. Air Force at Cape Canaveral Air Station and Vandenberg Air Force Base, NASA, United Space Alliance at Kennedy Space Center, and the Federal Aviation Administration. Any of the above accounts would be glad to provide you with the highest references. Douglas L. Hollaender Enterprises, Inc. (DLHE), a provider of industrial air ventilators, self-contained cooling systems and miscellaneous metal products to the industrial marketplace. DLHE is registered in the Central Contractor Register and Pro-Net as a small business.
